Digital Teaching & Learning Platform

Design for
Equality Diversity
& Inclusion

Open-access • Multilingual • Built for Inclusion

Find, use and share high-quality teaching resource on Design for EDI

WHAT YOU CAN DO

SEARCH

Find resources by topic, format or language.

ADOPT/REUSE

Adopt materials in your course.

CONTRIBUTE

Upload, propose or review content with the community.

REPOSITORY

Multi-format resources: articles, slides, toolkits, case studies, videos, podcasts and more.

ITINERARIES

Curated learning paths for progressive learning (Introduction, Intermediate, Advanced).

GLOSSARY

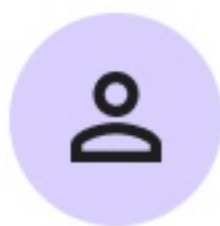

Shared key terms and definitions to build a common language on EDI.

MULTILINGUAL & ACCESSIBLE

Content in multiple languages with clear accessibility guidelines and inclusive design.

ROLES

LEARNER

Browse, download and create private collections.

CONTRIBUTOR

Upload resources and propose itineraries and glossary entries.

REVIEWER

Ensure quality, accessibility and ethical compliance.

Platform Coordinators oversees quality, ethical standards and long-term development

WORKSHOP – Cumulus Athens 2026 Conference

From Roots to Routes – Establishing a shared knowledge on Design for EDI through open access content and tools

7 may 2026, University of West Attica

How can design education move from principles to practice in Equality, Diversity and Inclusion (EDI)?

This workshop presents EDIDesk's key outputs: the EU Framework for Teaching Design for EDI and the EDIDesk Digital Teaching & Learning Platform.

Join short talks, a guided platform demo and Q&A, and leave your feedback and contact to get involved.

Agenda (120')

- Intro & welcome - 10'
- EDIDesk overview + WP2/WP3 highlights - 25'
- EU Framework (Design for EDI) - 30'
- Digital platform live demo + Q&A - 35'
- EDIDesk Platform structured feedback - 10'
- Get involved: Sign-up & next steps - 10'

EDIDesk Open Access Contents on Design for Equality, Diversity, and Inclusion for Higher Education

Duration: 36 months
1 December 2023 – 31 November 2026
Erasmus+ programme (KA220-HED)

EDIDesk is a European project supporting Higher Education institutions in embedding Equality, Diversity & Inclusion (EDI) into Design Education in a structured and transferable way. While EDI is increasingly recognised as a strategic priority, teaching approaches are often fragmented and difficult to compare or replicate across countries and disciplines. EDIDesk responds by building a shared knowledge base grounded in research, experimentation, and open-access resources, enabling educators and students to adopt common references, methods, and tools.
